AMUSEMENTS.

THE WALKER DRAMATIC COMPANY AT THE GRAND. The much heralded Arne Walker Dra matic Company began a week's engagement at the Grand Opera House last night, presenting that most powerful of all romantic plays, "The Two Orphans," from the French by D'Ennery. The house was completely forth in storms of applause. Miss Arne Welker, the star, is a very talented and engaging young lady of but fourteen years, yet ber conception and rendition of the difficult roll of "Louise," the blind girl, was artistic in every sense of the word. She possesses both genius and dramatic instinct, and for one so young displays a finish and knowledge of technique that is really wenderful. Not only does she read her lines correctly, but gives proper attention to every stage detail. In short, Miss Arne a born actress, so to speak, and bright future is before her. Mr. Irvin Walker personated the characters of "Pleard" and "Jacques," and for his clever acting of the two gained a large share of the applause. Lucile Allen Walker made an excellent "La Frochard." while the "Pierre," of Harry Freeman, was one of the best pieces of acting seen here this reason. Considerable interest was manifested in the appearance of Miss Ella Latti-more, an Indianapolis lady, who assumed the role of "Henriette." She not only acquitted herself with credit, but gained much applause for the saperior manner in which she handled the part. The other characters were well taken care of by Mesers. George C. Clarke, Frank D. Brooks. Barry Harvey, James F. Wilson, Willis Todd, Miss Maggie Nichols and Miss Grace Elwood Same bill this afternoon and to-night. Prices, ten and twency cents. To-morrow afternoon, "Pygmalion and Galatea."

THE DIME MUSEUM. The promise made by Manager Sickett, that he would present this week the strongest show since the opening of the Dime Museum, was fully sustained, as attested by the large and enthusiastic audiences in attendance yesterday afternoon and evening. At the last performance last night the house was packed to its utmost capacity. The bill is made up entirely of specialty features, and the show altogether is equal to any seventyfive cent attraction of the kind ever presented in this city. Lang and Sharpe's magnets and Russell Brothers' meteors consolidated are on the bill, and the combination is strong throughout, with not a weak spot in the programme, which includes James Riely, who introduces some new songs, which he sings in fine style; French and Clark, a musical team, who sing and at the same time play their own music in excellent fashion; Loraine, in a pleasing tune, styled "Silence and Fun;" W J. Mills, the best ventriloquist traveling; Rosina, a new face here, and a fine imporsonator of the swell, singing and dancing splendidly; the Davenports, a team who in-troduce a specialty sketch, with music and dances, and who made a decided hit; Lang and Sharpe, in their comedy success, "The Reporter," introducing Miss Sharpe's skipping rope act and Mr. Lang's witty sayings; the Russell Brothers, the funblest Irish character comedians ever seen in this city, who present one of the most original and taking sketches seen here in a long time, during which they sing a number of beautiful mnsical selections, and other people of equal ability. Manager Sackett has certainly combined a list of attractions not often found in one organization, and the Museum should be packed during the week. In Carlosity Hall may be seen also a number of novel interesting features, among them the three Mormon giants, the Wyandott triplets-oute little youngsters, the three legged man, the hearded woman. Melbourina, the tattooed mariner, and other curiosities.

The Zoo attracted quite a large audince last night. The programme is a good one. The best features in it are the Gray Sisters. Dr. Linn, Charlie Schilling, Murphy and Milis, Gibson and Ryan. The evening enterteinment concluded with a roaring farce. entitled "Quite a Dilemma" Two shows were announced in yesterday's Sentinel. As only one was given, Manager Gilmore ex-plained thus: "Believing it the best interest to the patrons of the Zio and the management also, I will give but one show each afternoon and night. I would have done so

ast week if I had not been disappointed in

The popular and talented young actress. Miss Helen Desmond, late of the Madison Square Theater Company, comes to the Grand Opera House next week. She will present "Hazel Kirk," "Esmeralda." "Leah," and "Led Astray," at people's popular prices-10 and 20c.

The repertoire of the Walker Company, now playing at the Grand, has been changed somewhat, and will be given as follows: This afternoon and to-night, "Iwo Or-phans," to-morrow and Thursday matinee, "Pygmalion and Galates;" Wednesday and Toursday eyenings and Friday matinee, "A

The New Pension Board.

Drs. E. F. Stone and Charles E. Wright yesterday received their commissions as members of the Board of Pension Examiners for this county, and a meeting will be held and the board reorganized to morrow. Dr. Biglow remains upon the board, the department apparently wishing to retain, for the present at least, one of the old members. Dr. S one is a life-long Democrat, and served two years in the Medical Department of the Army during the War. Dr. Wright enlisted three times in the Army, but on each occasion was rejected on account of physical disabilities, but finally entered the Commissary Department, where he remained three years. Both gentlemen are excellent physicians, and have had a long experience. The appointments give great satisfaction.

Meeting of the Police Commissioners. The Police Commissioners met in regular session yesterday afternoon and transacted considerable routine business. Police powers were granted A. D. Davis, Louis Grim, Martin Greer, E. R. McDongail and J. R. Sonerbeer. The report of the Superintendent for April was received, showing that during that month 304 arrests were made by the police, 270 white and 34 colored; Americans, 195; filled in every part, and frequently broke Trish, 66; German, 40; English. 2; Swede, 1.
